

Caring for the Earth we love

Saturday 16th November 2019

10.30am to 1pm

Friends Meeting House,
59 Church Hill,
Winchmore Hill,
London N21 1LE

How can creative practices help us address big challenges?

Linda Murgatroyd will lead a workshop using simple guided meditation, crafts and conversation to help us engage with environmental challenges, without being overwhelmed.

What does Love require of us? How can we support and help one another in addressing these issues?

Come and explore how this approach might help you and your community.

All are welcome - regardless of age, religion or community.

Free, but advance booking essential: caring-for-the-earth.eventbrite.co.uk

All materials will be provided, and no special skills are needed.

Arrivals, registration and refreshments from 10.30 am. 11.00 start.

Please bring a contribution to a shared vegetarian lunch (at 1pm) if you would like to stay.

This workshop is part of the Loving Earth Project. <http://lovingearth-project.uk>
