## "THE LOVING EARTH PROJECT

*celebrates some of the wonderful things threatened by growing environmental breakdown: people, places, creatures, and other things we love. It is helping people to engage creatively and constructively with these issues, without being overwhelmed. It's also a way to share positive examples of change and why people have taken action for the sake of love." [lovingearth-project.uk](http://lovingearth-project.uk)*

A selection of pieces will be exhibited at Jordans Meeting House from 20 June to 17 July. Please visit us; no need to book. Donations will be welcomed and, after costs, will go to charity.
